

PEARL

This collection combines 3 different products :

- paper weaves : woven paper strips on non-woven backing, 90 cm wide
- hessian fibres on non-woven backing, 91 cm wide
- non-woven wallcovering (cellulose, polyester) with linen fibres, 1 m wide

All three products are made by craftsmen. The paper weaves and the non-woven with hessian fibres are partially hand-made and have all the irregularities and charm of a natural product.

The link between the three different products is the slightly glossy finishing of the wallcoverings, hence the name of the collection : "Pearl".

The colour range of the collection comprises all the soft shades of a wonderful pearl oyster : cream, soft grey, delicate pink, blue, green

All wallcoverings are sold cut length.
