

# VICTORIA

The collection Victoria, based on classic themes and designs, surprises by its elegance and refinement.

Arabesques, curls, damasks, medaillons, stripes are declined in a wide pallet of subtle shades of cream, mother-of-pearl, mint, wine, olive, golf green, amber, nutmeg, chocolate...

Sophisticated printing techniques, and the contrast between the silky warps and the matt printing colours result in beautiful light reflections and delicate trompe-l'oeil-effects.

The wallcovering is sold cut length (width 90 cm), has a good light resistance, has a stain repellent treatment, meets most international fire ratings, is ecological and obtained a marine certificate. Thanks to the non-woven backing, the installation is easy (glue on the wall, unnecessary to humidify the backing of the wallcovering). Custom colouring service available upon request.
